

Dear Authorized Representatives and Project Directors for grants from the National Historical Publications and Records Commission (NHPRC):

I am writing to let you know that if a lapse in federal funding occurs after midnight, September 30, regular operations at the National Archives and Records Administration will be interrupted and the NHPRC staff will be furloughed. I want to assure you that all NHPRC grant awards are fully funded; however, we will be unable to process recently submitted payment requests or any new payment requests until the National Archives receives an appropriation and we are fully operational once again. In addition, we will not be able to review narrative or financial reports or respond to other grant-related questions.

The National Archives will post a notice on www.archives.gov in the event of a lapse in federal funding.

If you have any questions, please feel free to write to me.

Sincerely,

Kathleen Williams
